There are the WISHBONES who spend all their time wishing someone would do the work. There are the JAWBONES who do all the talking but very little of anything else. Next comes the KNUCKLEBONES who knock everything that everybody else tries to do and finally there are the BACKBONES who get under the load and do the work.

ADDRESS

NOVA SCOTIA UNDERWATER COUNCIL

P.O. Box 34, Armdale P.O.

Halifax, Nova Scotia, Canada

B3L 4J7

Membership is open to individuals, clubs, or commercial diving enterprises.

Dues are set annually at, usually the Annual General Meeting.

Individuals may join by sending an application (or letter) with the \$12 fee to: NSUC Treasurer. P.O. Box 34, Armdale P.O., Halifax, N.S. B3L 4J7.

+++++
The NOVA SCOTIA UNDERWATER COUNCIL ASSOCIATION of divers has the following objectives:

a) To be a representative body for the scuba diving community so as to preserve, support, and promote diving and diver safety within the provinces.

b) To ensure that training programs are given to a recognized level of quality to foster and encourage the safe handling and usage of all approved types of equipment used in the sport of scuba diving.

c) To make available to all members information concerning safety, medical, technical, and research data concerning the sport of scuba diving.

d) To cooperate and participate with the Provincial Government on projects and policies that lead to the recognition of sport diving as a significant recreational activity.

+++++

BOTTOMTIME

THE EDITOR'S COLUMN

This year's Sea Hunt started as a huge jellyfish with legs, people huddled round under a waterproof canopy over their heads to shield the rain.

There were many volunteers who helped Lynn, Danielle, and I with registration for the prize draw which we decided to go ahead with. Thank you Cornwallis for your impromptu set-up and support. Also thank you to Grant MacLeod for the organization which started many months ago and thank you to those people who supported Grant along the way.

The jellyfish shelter grew to an interconnected maze of tarpaulins attached to other tarpaulins and vehicles during the prize draw. I could hear John's familiar voice announcing prizes and every once in a while someone near would respond. It was still exciting even though we did not hear the usual tinker of assembling and disassembling dive equipment. We were still drawn there by tradition.

On September 20, 1989, I took in the 1988 Bottomtime newsletters to Campbell's Book-binding Services and it will take 3 weeks at a cost of around \$18 per book.

I am missing pages from previous years. IF YOU HAVE THEM PHOTOCOPY THEM AND SEND THEM TO ME. I cut titles and tidbits out of these not thinking that they were my only copy !!!

Viking Canada, Fenwick, Ontario - - - Viking, Interspiro, Tekna, Ots, Poseidon.

PAST PRESIDENT'S REPORT

I really believe that NSUC's involvement in the Sea Hunt for the first time had nothing to do with Hurricane Gabrielle lashing the coast with rough seas or the most miserable weather ever for the Sea Hunt. But even with dampened spirits this year was the second largest turnout of divers ever for the event. Congratulations to all who won prizes and thanks to all who organized the event. To those who didn't win, remember the Sea Hunt is not only a chance to win prizes, but also a chance to see people whom you haven't seen since the last Sea Hunt.

On February 17, 1990, NSUC is holding a day of seminars, tours, scuba instruction, etc. followed by an underwater photo contest, short film show, and dance. A sample of suggested and available items are:

- a) A CPR Course
- b) A first aid course
- c) A tour of the hyperbaric facility
- d) A tour of the Fleet Diving Unit Facility
- e) A lecture on bottle diving
- f) A lecture on U/W Archaeology
- g) Pool events

DAY

- h) Film show
- i) Underwater photo competition and a category for diving-related surface shots
- j) Dance

EVENING

**** NOTE ****

These events would be split between morning and afternoon, with some running at the same time. Selection of the itinerary will be based on RESPONSE and SUGGESTIONS, so if anything interests you, be sure to let me know. Most items will require pre-registration. For suggestions, or OFFERS TO VOLUNTEER with the organization of SUBSEA HORIZONS, contact John Webber or Lynn Gallant at the phone numbers on the reverse of the front cover of Bottomtime.

PRESIDENT'S REPORT

HYPERBARIC VIDEO: We have 7 VHS and 2 Beta videos on hand. One beta and one VHS have been sold to date at a cost of \$75 each. I have sent a complimentary VHS video to PADI Canada in thanks for their donation of \$500. A decision has to be made as to what our other donators should receive. Perhaps a video at cost would be appropriate. I have confirmation that the CFUA (Canadian Federation for Underwater Activities) is sending us a cheque to help with the video. I expect that this will be in the vicinity of \$400. I think that they should receive a complimentary video also. OUC has also ordered a VHS video. We should consider giving our fellow councils a break on the price of the video. Northern Shore Diving Centre

is showing interest in acquiring an 8 mm version of this video. The only way Dal video can dub an 8 mm tape is to use the NSDC 8 mm VCR. Considering that NSDC has already supplied film footage for the video and must supply their machine for the tape, I think we should give them a video at cost. We should consider a discount in the event of large orders of the video. We have to issue a cheque to pay our debt with Dal Video. I have been trying to get an exact figure but am having trouble tracking this down. I suspect it is around \$400.

UNDERWATER STATUE PROJECT: You may recall that Herb Smale proposed that the Council look into the undertaking a project similar to one recently completed in B.C. called "Operation Mermaid". I have had contact with Alan Aitken who started work on this project. I have copies of the proposals made by Simon Morris for the Nova Scotia area. Alan suggested that there is interest from the business community and most would like to see a local artist do the work. I think this project is perhaps worthwhile for the Council to consider. Perhaps we can find a volunteer to take on this project.

SEMI ANNUAL MEETING OF THE CFUA: This is being held in Calgary October 21 and 22. The CFUA has offered to pay for half of my airfare and OUC has offered to pay one quarter of my airfare. That leaves us paying \$160 plus accomodations and meals. Costs should come in under \$500.

CLUB SUPPORT: Another concern that I have is the lack of recognition by the Council for clubs who support us. Perhaps we should consider benefits for these clubs.

EXTRA MAILING: Coast Guard Search and Rescue has sent me a brochure called "Scuba Diving Emergencies". I have asked for 250 of these to include with a newsletter mailing. They will be supplied to us hopefully before Christmas.

SEAHUNT: This has been very well planned and should prove to be a good fund raiser and promoter for the Council. Grant MacLeod has spent many hours of work to make this project a success. We should consider giving him a token of our gratitude.

5

EXPENSE CLAIMS: I would like to remind all those with expense claims to please remit these within 30 days of the expenditure. In return, we will have your cheques in the mail within 30 days, barring lack of funds. Your full cooperation would be appreciated.

COMMERCIAL DIRECTOR: Mike Chambers of the Nautilus School of Diving has offered to take the Commercial Director's job. He has some interesting ideas to help boost the Council's profile and image. I will be asking the Board to appoint Mr. Chambers as Commercial Director near the end of this meeting.

SECRETARY: Colin Frazee-Whitelock has offered to take the Secretary's job as a permanent appointment. The Board will have to sanction this also.

CONSTITUTION: We amended our constitution last June at the AGM. To this date I have been unable to find a volunteer to type up the new Constitution for distribution to the membership and in the absence of one, I feel that we should pay to have this done.

Most of these items we will discuss during "New Business". I would like to thank Roland for his patience with my numerous phone calls on procedure and Colin for typing my letters and printing them on his printer.

*Respectfully submitted,
M. Lynn Gallant*

COPIES OF BOTTOMTIME P2

Eventually all copies of Bottomtime will be held at the archives at the corner of Robie and University in Halifax under the care of Lillian Leonard.

Back to diving again. "Diving for Dollars" was a success and we had a surprise visit from the Pubnico divers. Thanks for your continued support.

PAM

6

PRESIDENT'S REPORT

OTHER SEAHUNT IS OVER AND I MUST SAY THAT THIS ONE CERTAINLY HAD ITS PROBLEMS. THE WEATHER WAS ADVERSE BOTH OF THE WEEKENDS THAT THE EVENT WAS PLANNED. NOT BEING ABLE TO STPONE THE HUNT INDEFINITELY, WE HAD TO HAVE A MODIFIED REGION OF THE HUNT.

THERE WERE 181 DIVERS REGISTERED AND THIS IS A 50% INCREASE OVER THE PREVIOUS YEAR. WE HAVE GRANT MACLEOD TO THANK FOR HIS GREAT PLANNING AND PUBLICITY. OUR APOLOGIES TO THOSE DIVERS WHO DID NOT GET A T-SHIRT. WE HAD ORDERED 200 SHIRTS, BUT SOME WERE GIVEN OUT FOR PROMOTIONAL REASONS. NOT EVEN BEING HAD SO MANY DIVERS ATTEND THE SEA HUNT WE HAD NO REALIZING THAT WE WOULD RUN OUT. NEXT YEAR WE WILL TRY TO GET MORE T-SHIRTS.

OTHER THANK YOU GOES TO COKE, THE SHOPS, EQUIPMENT MANUFACTURERS, AND ALL OF THE PEOPLE WHO DONATED TIME AND/OR RESOURCES TO THE COUNCIL. WITHOUT THESE PEOPLE THE SEAHUNT WOULD BE NOTHING BUT A GOOD IDEA.

IT WAS SUGGESTED TO ME THAT WE SHOULD HAVE AN ALTERNATE SITE IN THE CASE OF BAD WEATHER. I AGREE WITH THAT, IF ANY ONE CAN TELL ME OF A SUITABLE SPOT WITH PARKING FOR 200 PLUS CARS WE WILL CERTAINLY CONSIDER IT.

WE HAD BORROWED A FISH TUB FROM A MEMBER TO KEEP OUR POP IN. FORTUNATELY THIS HAS DISAPPEARED. IF ANY ONE KNOWS OF ITS WHEREABOUTS PLEASE LET US KNOW.

WE THINK THAT IT WOULD BE NICE FOR THE COUNCIL TO HOLD ANOTHER EVENT, PERHAPS IN THE SPRING, AND RAISE MONEY FOR CHARITY. SUGGESTIONS AND COMMENTS WOULD BE APPRECIATED.

ANOTHER NOTE, KEEP YOUR EYES AND EARS OPEN FOR "SUB-SEA HORIZONS", TO BE HELD IN THE NEW YEAR. IT IS SHAPING UP TO BE A VERY INTERESTING AND INFORMATIVE DAY FOR DIVERS.

WE WILL FINISH UP BY SAYING THAT CONSTRUCTIVE CRITICISM IS MORE THAN WELCOME. IF WE CAN CHANGE OR DO SOMETHING TO MAKE OUR MEMBERS HAPPY WE WILL BE MORE THAN WILLING TO TRY.

Lynn

CENTRAL AREA
DIRECTOR'S REPORT

000000000000000000000000000000000000

After postponing the Sea Hunt because of rough seas caused by Hurricane Gabrielle, the event was held in miserable rainy weather the following weekend. Over 180 divers and even some spectators showed up. Grant MacLeod and all other volunteers did a great job and should feel very proud of their efforts.

On October 1, the NSUC held "Diving For Dollars" after a Hugo delay of one weekend. 17 divers had a free-for-all looking for 50 loonies hidden in Cranberry Cove. Of course Dwayne MacLaughlin found the most (11). It was a perfect dive.

The next thing coming up is the Pumpkin Carving Contest. Try to go-it should be a lot of fun.

I would like to thank Mike Chambers. Andy DesRoches, and Terry Dwyer for all the support in the form of prizes for "Diving For Dollars".

A very very special thanks to Terry Dwyer who Dive Mastered the event and to Mike Turney and Blair Mercer who were the safety divers for "Diving For Dollars".

Pam Geddes  
Editor  
The Bottomtime Newsletter

Dear Pam:

This letter is the final report on the 1989 Coca-Cola SEAHUNT Classic. The SEAHUNT was rescheduled to September 17th from the 10th because of heavy seas from the hurricane Gabrielle. On the 17th a heavy wind was blowing directly onshore and it was again too rough to put novice divers into the water. The decision was made to cancel the underwater portion of the event, the first time in the ten year history of the SEAHUNT that this has been necessary.

The amazing thing about the day was the number of people who came out despite the weather. Somewhere around 250 people stood huddled against the rain and wind. The decision was made to proceed with the prize draw because of this fine turnout. 181 hardy divers and a group of spectators waited in a torrential downpour for the prize draw. 130 prizes, worth about \$7000, from 55 prize donors were drawn. This turnout was the highest in the history of the SEAHUNT! Despite the lack of diving most people seemed to have a good time! You can't fight Mother Nature!

The postponement no doubt affected the turnout. What is so encouraging is the great turnout considering the the postponement and especially the weather. I don't think the cancellation of the underwater portion of the event affected the benefit the prize contributors received by sponsoring this event.

With this letter is the updated prize list and a list of the winners of the big prizes. I would like to take this opportunity to thank our two sponsors, Coca-Cola Ltd. and the Daily News. Also appreciated is the ambulance service provided by Walker's Ambulance! Boats were provided by Mark Ring and Dana Sheppard. I thank them also and, of course, many thanks to all of the SEAHUNT staff!!

Best Regards:

Grant MacLeod  
1989 Coca-Cola SEAHUNT Classic Coordinator

# Nova Scotia Dive Club Safety Program

Sponsored by Universal Dive Techtronics, Inc.

In the interests of safe diving education, Universal Dive Techtronics, Inc., (UDT) is sponsoring the Nova Scotia Dive Club Safety Program. From October to December, 89,

UDT will supply community, university, and CFB diving clubs in Nova Scotia with a limited quantity of DCIEM Sport Diving Tables to be used for club training purposes.

Any non-profit, university, CFB or community based scuba club is eligible to participate in this program. Clubs that are operated for profit or that are directly affiliated with retail dive stores are not eligible. Approved clubs will receive an instructional package together with a quantity of DCIEM Sport Diving Tables sufficient to conduct one diver education course. These materials will be supplied to each club at no cost, except for a \$20. registration fee payable to UDT Sales.

Participating clubs will be expected to offer the DCIEM Tables free of charge to their divers. Each club will be required to provide a list of the names and phone numbers of divers enrolled in the club course. Club instructors will be asked to return a questionnaire with their comments and observations about their experiences in teaching the DCIEM Sport Diving Tables.

To participate in this program, the club president or training director must complete and sign the form provided. The form should be mailed A.S.A.P. with a \$20. cheque or money order. For further details pertaining to this program, instructors should contact Mr. Gain Wong in Toronto at (416) 534-2527 or write to UDT Sales, Box 157, Station E, Toronto, Ontario M6H 4E2

# Halifax Harbour Task Force

September 7, 1989

## MEMO

FROM: Bob Fournier, Chairman, Halifax Harbour Task Force

TO: Everyone interested in the future of Halifax Harbour

ABOUT: COMMUNITY MEETINGS -- CHANGE OF SCHEDULE

-----  
We were very pleased to meet so many of you at our first Open Meeting on July 24. As those of you who had to stand fully realize, we weren't expecting quite so many.

\* As part of the work of the Task Force, we are planning to hold a series of community workshops, and also a special meeting for harbour users. In the first issue of the Halifax Harbour Task Force Newsletter (July, 1989), we indicated that these meetings would start in September, but in response to some of the suggestions made at the Open Meeting, we have now decided to move them forward to January, 1990.

This will enable us to do three things:

- provide the public with more information about the harbour before the meetings
- study the results (expected November/December) of the harbour circulation research currently being carried out
- develop a series of sewage treatment scenarios for the public to comment on.

In the meantime we hope to publish at least two more newsletters, to keep people up to date with what is happening. We will be making a formal call for written submissions when we have developed the scenarios, but we would welcome hearing from interested groups or individuals at any time if you wish to bring specific issues to the attention of the Task Force.

---

Robert O. Fournier

August 29, 1989

Nova Scotia Underwater Council  
P.O. Box 34, Armdale P.O.  
Halifax, Nova Scotia B3L 4J7

Attention: Lynn Gallant

Dear Ms. Gallant:

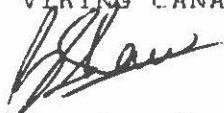

We are in receipt of our copy of the NSUC's July newsletter, Bottomtime, and have noticed that you have a library of videos and such for use by your members.

We are enclosing two items we hope will be of interest to the members. The video is a general educational tape on the VIKING drysuit and diving with it. The slide series is a general look at drysuit diving which begins with the different types and continues with diving principles and maintenance. This is more for use by instructors who wish to enlighten students in the aspects of drysuit diving. It includes a handbook which covers how to teach a drysuit seminar, as well as a lecture script for the slides, student handouts, and a quiz. We feel that education is essential for anyone thinking of purchasing a drysuit and that this slide series will be helpful in this respect.

We hope that these items will be of use and look forward to hearing how they are received.

Yours truly,

VIKING CANADA (DIVING & SAFETY) LTD.

\*\*\*\*\*  
A TRIBUTE TO THE DAYS OF SAIL  
\*\*\*\*\*

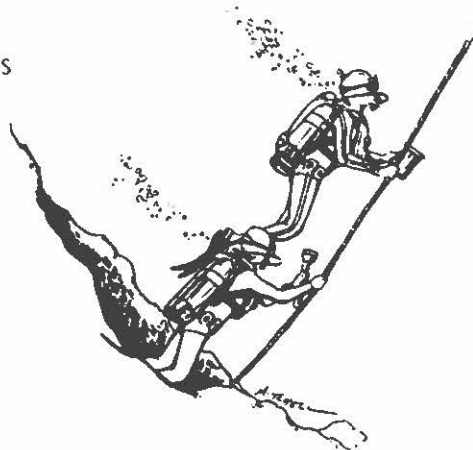

PROPOSAL  
FOR  
UNDERWATER STATUE  
IN  
NOVA SCOTIA

- submitted by Simon Morris June 1988

In January 1989 Canada will be the home of the world's third underwater statue with the unveiling of a nine foot tall bronze mermaid in 60 feet of water at the provincial marine park in Saltery Bay, British Columbia. The project has already generated wide media interest and is expected to receive international recognition. In Nova Scotia, there is a strong sense of history and pride in the Maritime heritage that will provide the support needed for a similar project. On the implementation of the outlined proposal for a Nova Scotia underwater statue, Canada will be the only nation in the world to have two such statues -one in each of the great oceans bordering the country. The statues will provide an eloquent statement to Canada's united effort in preserving marine heritage and be a lasting symbol of our national motto "From Sea to Shining Sea". Your cooperation is requested in support of placing a statue in Nova Scotia waters. The subject of the statue would symbolize the heroism and drama of the days of sail.

-----  
Your support is needed to launch this worthwhile project. Please address your contribution or request for more information to:

UNDERWATER PUMPKIN CARVING  
SUBMITTED BY AL KIRBY

UNDERWATER ARCHAEOLOGY COURSE  
SUBMITTED BY COLIN FRAZEE-WHITELOCK

\*\*\*\*\*  
**UNDERWATER ARCHAEOLOGY COURSE AUG 1989**  
 \*\*\*\*\*

Divers and 2 non-divers attended this course, the 9 divers reached certification. It started off at Saint Mary's University on a Friday night and carried with classroom work throughout the weekend. There was a small exam at the end and then 4 qualifying dives.

The first 2 were at the Prospect Government Wharf. The dives were entertaining to say the least especially plotting objects within a grid with the least possible movement kicking up the silt bringing the visibility down to zero.

The second set of dives were at Bear Cove the Humbolt ribs which was much easier the visibility was reasonable and there were no buoyancy problems at 70 ft. Things have changed a fair amount due to the recent bad weather we have.

The people on this course were:

- Joe Sanders
- John Frazee-Whitelock
- John Hebb
- Barbara Turney
- Col Draper
- Chris Connor
- Snelling
- Anton Howell
- Mark Patterson
- Lee
- in Warman
- photograph is of the qualifying Bear Cove.

**EQUIPMENT RECALLS**

**DACOR Regulator Alert**

Dacor Corp is undertaking a voluntary recall of several models of scuba regulators due to a '...possible defect observed which may result in decreased corrosion resistance of the second stage actuating lever.'

'Important notice to all recent purchasers of regulators equipped with XLE, XLS and XLT second stages and similar octopus models. You could be the owner of a regulator second stage containing a part constructed of a material that does not meet Dacor's quality standards.'

If you purchased on the following models after Oct 1, 1987, please call our toll free number (1-800-233-DIVE) to determine if your regulator is involved. Model numbers/descriptions follow:

\*environ - environmental

Call the toll free number, and if the operator verifies your unit as being involved, return it to your Dacor authorized service location or to Dacor for a no charge retrofit. DO NOT DIVE WITH ANY INVOLVED UNIT. Non retrofitted second stages may, under certain circumstances, fail to deliver air.

PLEASE CALL 1-800-233-DIVE FOR INFORMATION.

FOUNDED IN 1977  
INCORPORATED IN 1988  
COME DIVE WITH US!

BY JANE BIGGS

Our club has always welcomed new members; novice and experienced. Non members and/or visiting divers often join our dives. Non diving spouses and friends are also welcome to join in any of our activities (except underwater of course) and they often do.

We have a membership of two dozen give or take a few, all of whom are active and willing in diving and other club activities which sometimes include skiing, skating, bowling, BBQ-ing, and the occasional party. Dues are reasonable and bring advantages beyond lots of buddies.

Our club has logged hundreds of dives so far this year. Members take the plunge regularly on Saturday and Sunday mornings and during those long summer evenings. Official club dives are every Sunday morning year round. Through the summer months, we have 2 boat dives per month and a couple of night dives and weekend camping/dive trips. Almost the entire membership dives regularly, there are only a couple on our list of the "Never see them" variety.

Dive sites have included all the known wreck sites and scenic places in the Halifax Harbour approaches, many of the less visited wreck sites near Ketch Harbour and Sambro, and many new sites in that vicinity that have not been tried before. The scene underwater is varied, very pretty and full of fish.

We have not travelled far from home this year yet, but in the last week of July six of our members will spend a week on the Burin Peninsula in Newfoundland where the diving is said to be very exciting.

All club members are members of the Nova Scotia Underwater Council which we support wholeheartedly and actively. For 6 years we hosted the annual Sea Hunt at Crystal Crescent Beach.

A Suunto Diver's Watch donated by Northern Shore Diving Center and Fitzwright was raffled off by our club in July. The winner was Greg Doughty of Halifax.

## Are You At Risk?

**MYTH:** Most drown-  
ings occur  
when people are swimming.

**FACTS:** Over 60% of  
all drownings  
occur when the victim falls in-  
to the water unexpectedly;  
from a wharf, shoreline or  
boat.

Autopsies have shown that  
over one-third of these vic-  
tims (mostly males) were im-  
paired by alcohol.

The Canadian Red Cross Society

## Are You At Risk?

**MYTH:** Drinking while  
boating is not  
a serious offense.

**FACTS:** Operating a  
boat while im-  
paired can be just as danger-  
ous as drinking and driving a  
car.

Police boats carry portable  
breathalyzer units and crim-  
inal charges can be laid.

The Canadian Red Cross Society
